BIOCIDAL CLEANER AND SANITISER (FOODSAFE) - L161

Non-perfumed, highly effective cleaner & sanitiser

Contains a broad-spectrum biocide to clean and sanitise hard surfaces. Non-perfumed to reduce the risk of tainting food.

ADVANTAGES

Tested in accordance with EN1276

Contains a broad-spectrum biocide

Cleans and sanitises

Easy rinse formula

Highly concentrated providing excellent dilution rates and low cost in use

TYPICAL APPLICATIONS

Ideal for food area use, in food processing, catering and food equipment cleaning. The non-caustic formula makes the product ideal for use on sensitive surfaces, soft metals and galvanised surfaces.

APPLICATION INSTRUCTIONS

Biocidal Cleaner and Sanitiser can be applied by a high or low-pressure sprays, mop, swab or cloth. Apply diluted to the surface, allow a short contact time to penetrate soiling, agitate stubborn marks where required and rinse with clean water.

For terminal sanitisation first clean and rinse the surface to ensure it is clean and free of debris. Apply diluted Biocidal Cleaner and Sanitiser and allow to drain.

General purpose cleaning and sanitising the following dilutions are recommended: Terminal Sanitisation 1:180, Light soiling and final rinse 1:50, General use 1:25 and Heavy Soiling and contamination 1:10.

Wear suitable protective clothing and gloves.
