FABRIC PROTECTOR - B222

Protects vehicle upholstery from stains and spills

Fabric Protector is a single application product designed to stop water and oil based soils staining or soaking into upholstery. Once applied it will repel all common soils, making it easy to brush off or wipe away any dirt.

ADVANTAGES

Protects vehicle upholstery from stains and spills

Repels water and common oil borne soils

Maintains natural feel

Single application

TYPICAL APPLICATIONS

The product is compatible with most automotive upholstery and will not change the feel of the fabric. Once applied will normally last a lifetime.

APPLICATION INSTRUCTIONS

DIRECTIONS FOR USE: Shake can well before use. It is highly recommended that Fabric Protector is tested on an inconspicuous area of fabric before use.

Spray evenly, from 15 – 20cm away, across clean fabric or carpet avoiding saturation.

Apply a second coat immediately perpendicular to the first. Touch dry within 20 minutes.

Allow 6 hours to cure for maximum protection. Avoid wetting and contact with plastic or rubber.
