Technical Data Sheet

NANO PROTECTION WAX - L634

Highly durable & high gloss wax

Nano Protection Wax is a complex blend of hard automotive waxes designed to produce an extremely durable high gloss finish on both new and used cars.

ADVANTAGES

High gloss wax for both new and used cars

Extremely durable for long lasting shine

Very quick and easy to use

TYPICAL APPLICATIONS

The blend cleanses, fills light scratching, adds water and soil repellence and produces a high gloss finish. Suitable for use on new and used cars.

APPLICATION INSTRUCTIONS

Shake well before use.

After washing and leathering the car, apply the product with a clean soft polishing cloth or polishing sponge.

When dry, the excess is buffed off with a clean soft microfiber cloth in a circular motion to leave a high gloss finish.
