NON-SIL TYRE & PLASTIC DRESSING - L510

Silicone free weather resistant dressing

Non-Sil Tyre & Plastic Dressing is the premium quality weather resistant, silicone free, solvent-based tyre & plastic dressing, designed to restore the colour, sheen and lustre of tyres, rubber floor mats, rubber and plastic surfaces.

ADVANTAGES

Silicone free

Enhances the finish of rubber & plastic surfaces

Durable, weather resistant finish

TYPICAL APPLICATIONS

Non-Sil Tyre & Plastic Dressing is quick and easy to apply and contains no silicone making it the perfect choice for valeting in the proximity of body shops. Unlike many non-silicone tyre treatments, Non-Sil Tyre & Plastic Dressing is weather resistant and can be applied to both internal and external surfaces.

APPLICATION INSTRUCTIONS

The long lasting, water resistant dressing can be applied by paintbrush, hand sprayer or by sponge. For optimum results surfaces should be clean and dry.

Apply using a brush, cloth, sponge or hand sprayer.

Wipe or brush away excess material and allow to dry.

Do not directly onto brake assemblies.
