Technical Data Sheet

PREMIUM GOLD - L561

Car polish Incorporating cross-linking fluoropolymer technology

PREMIUM GOLD is a premium quality polish, which incorporates cross-linking fluoropolymer technology to provide a high gloss and exhibition quality finish with unrivalled durability. Premium Gold contains a synergistic blend of waxes, resins and sealers to enhance it's long lasting performance.

ADVANTAGES

A premium polish for long lasting, high shine and exhibition quality finish

Incorporates cross-linking fluoropolymer technology for exceptional wash resistance and weather protection

Exceptional durability and protection compared to conventional polishes

TYPICAL APPLICATIONS

The unique formulation of Premium Gold provides excellent wash and weather resistance and provides far superior durability and protection compared to that of conventional polishes.

APPLICATION INSTRUCTIONS

After washing and drying the vehicle, apply the product with a clean polishing cloth or sponge.

When dry, buff off with a soft, dry, microfiber cloth to leave a high gloss finish.

Shake well before use.
